**FROM WALLY BROWN:** Those of you interested in making your own color prints, contact Wally @ 495-1185. He is expecting completion around middle of March. He isn't expecting to make a profit from letting us use his darkroom and equipment. This will benefit him by keeping the chemistry updated. He will have a little class beforehand to familiarize us with the setup. Strictly RA4 prints, 16" max size. Please do not take advantage of his generosity to use this for your photography business.
